

DIRECTIONS TO SUGAR PINE TRAILHEAD

Take your favorite route to I-80 East. Exit on Auburn Ravine Road toward Foresthill just past the city of Auburn and the CA49 turnoffs (exit 121). After exiting the interstate, turn right and get in the lane to proceed straight ahead through the traffic light. Proceed 26 miles after the light past Foresthill to the left turn toward Sugar Pine Reservoir and campground. The speed limit in Foresthill is 30 mph. Beyond Foresthill, there is a small village with 25 mph speed limit for a short stretch.

Watch for the brown sign on the right of Foresthill Road indicating a left turn toward the Sugar Pine Reservoir. After the left turn toward the reservoir, proceed 5.5 miles on paved NF Road 10 to the boat ramp/day use area. We will be parking in the **Day Use** area near boat ramp and the facilities. Follow the double yellow line to avoid getting into off-road areas. If you cross the dam you've gone too far.
