

Lincoln Hills Hiking & Walking Group's Annual Meeting

Thursday, October 17, 2019

Kilaga Springs Presentation Hall 3:30 – 5:00 PM

Dick Hilton, Geologist and Paleontologist, Sierra College

Our guest speaker, Dick Hilton came to Sierra College, as professor of Biology and Paleontology, in 1981. He is a renowned paleontologist, drawing on his decades of scholarly research, who has examined the fascinating history of dinosaurs in California, and specifically in the Sierra Nevada. He is a member of the California Natural History Film Project. He has published numerous scientific articles in the field of vertebrate paleontology and a book entitled, *Dinosaurs and other Mesozoic Reptiles of California*, (University of California Press, 2003).

Dick made the first discovery of dinosaur bones in Northern California.

This will be a treat for all outdoor enthusiasts and nature lovers alike.

Everyone is Welcome to Attend!
