

Lincoln Hills Hiking & Walking Group's

Annual Meeting

Friday, October 5, 2018

Kilaga Springs Presentation Hall 3:30 – 5:00 PM

Janet Voris, Program Manager of Placer Land Trust

Natural Wonders Forever

Janet said, "Presentations provide a history and overview of the work done by Placer Land Trust, and showcase our preserves and programs. Our PowerPoint presentation is full of beautiful pictures taken from our preserves and includes some of the flora/fauna of the area."

Placer Land Trust recently recorded a conservation easement on the Antonio Mountain Ranch property on Fiddymont Road in Lincoln, as part of a mitigation project to permanently protect 794 acres of grasslands, vernal pools, streams and other wetlands as critical wildlife habitat and scenic open space, forever.

Placer Land Trust has many future plans and projects. Your opportunity to hear about the many hiking trails, wildlife protection policy and future developments.

This will be a treat for all outdoor enthusiasts and nature lovers alike.

Everyone is Welcome to Attend!
